

Model Building

Save The Model

Date	08 November 2022
Team ID	PNT2022TMID13691
Project Name	AI-Powered Nutrition Analyzer For Fitness Enthusiasts

- ❖ The model is saved with .h5 extension.
- ❖ An H5 file is a data file saved in the Hierarchical Data Format (HDF). It contains multidimensional arrays of scientific data.
- ❖ Here, we are saving the model as fruit.h5.

Saving our model

```
[ ] # Save the model  
    classifier.save('fruit.h5')
```
